GREAT UPROAR IN PARLIAMENT

King George Is Criticised for Interference in Ulster.

LABOR MEMBER IS DRAMATIC

John Ward, Formerly a Dock Laborer and Once a Private in the Army, Seconds the Motion for Division for the Purpose of Criticising the Government and Great Applause Greets His Remarks.

London, March 25.—Open criticism in the house of commons of the king's activities in the Ulster crisis brought half the members to their feet cheering. The demonstration was the most obviously hostile to the throne that parliament has witnessed in the past century.

The army appropriation bill was under discussion and Leopold C. Amery, Unionist, moved a division for the purpose of criticising the government on the ground that it is not entitled to use the army for party purposes. This is the basis of the Unionist position in the present trouble.

John Ward, Laborite, formerly a dock laborer and once a private in the army, seconded the motion, but from a different point of view. He said the Conservatives, by approving the rebellion of the officers, have "started to smash the British army." The house, he said, must decide whether it is going to maintain the discipline of the army as a neutral force or whether the parliament elected by the people "shall make the laws of the realm, absolutely without interference from the king or the army."

The speaker made a dramatic pause after the word "king," and cheering continued for a considerable time. All the Labor men and the home rule Irishmen as well as many of the Liberal members joined in the demonstration.

Westminster continues to be a seething caldron over what the Liberals now denounce as the "mutiny of the army aristocrats" against democratic government.

Obtain Written Assurances.
The fact has been established from all obtainable evidence that General Hubert Gough and the other officers of the Third cavalry brigade demanded and obtained written assurances, which had been drafted by a lawyer, that they will not be ordered to fight Sir Edward Carson's Ulster volunteers and that these assurances were obtained largely through the personal intervention of the king.

Before they left London they sent telegraphic messages to their brother officers in Ireland that they found support "from the highest quarters." On their arrival at Curragh camp they were welcomed by a guard of honor with cheers and related the outcome of their summons to the war office. The throne, which traditionally has kept out of party controversies, both because of aloofness and as a point of honor with public men and newspapers, is involved in the discussion as it never has been before during King George's reign or that of his diplomatic father.

The section of the Liberals who opposed what it denounced as a surrender to the military oligarchy is criticizing the king with the greatest freedom. The Liberals resent his action in summoning to the palace Field Marshal Lord Roberts, who in his speeches advised the officers that they might properly refuse service in suppressing the Ulster irreconcilables, and criticize his majesty for dealing personally with Field Marshal Sir John French, chief of the general staff, and General Sir Arthur Paget, commanding the forces in Ireland, who should have been dealt with, they think, only by the secretary of state for war.

MANY HURT IN ULSTER RIOT

Stones and Other Missiles Thrown in Belfast.

Belfast, Ireland, March 25.—A party riot occurred in Cromac square. Stones and other missiles were thrown and revolver shots were fired.

A large force of police dispersed the rioters. Many persons were injured slightly. Several were arrested.

German Educator Ends Life.

Stuttgart, Germany, March 25.—The body of Professor Otto Harnack, one of three celebrated brothers, was found in the Neckar river. The professor, who was connected with the school system here, had been missing for a month. It is supposed he committed suicide during a mental breakdown.

DAKOTANS PICK IOWA MAN

C. A. Nash Will Be Secretary of State Fair Association.

Fargo, N. D., March 25.—Charles A. Nash, formerly assistant secretary of the Iowa State Fair association, will become secretary of the North Dakota Fair association April 1, according to an announcement of directors.

Two-cent rates on all railroads in the state have been obtained for the benefit of fair visitors.

CHARLES H. BURKE.

May Defeat Crawford for South Dakota Senatorship.

MISS EVA JONES IS DEAD

Was Well Known in Minnesota as Reform Worker.

St. Paul, March 25.—Miss Eva Jones, probably the best known temperance and reform worker in Minnesota, died at St. Joseph's hospital. Her death followed an operation at the hospital March 16. She was sixty-two years old.

Miss Jones had been at the head of practically every organized campaign against vice in this section since her arrival in St. Paul in 1908.

She was president of the twenty-third district of the Minnesota W. C. T. U. for five years, resigning last fall to take up the work of state organizer.

MAINE PROGRESSIVES FAVOR PROHIBITION

Platform Advocates Submission of National Question.

Bangor, Me., March 25.—A strong stand for prohibition was taken by Maine Progressives at their first state convention here to nominate candidates. Their platform advocates the submission of the question of national prohibition to the people of every state.

Halbert P. Gardner of Patten, member of the Progressive national committee, was unanimously nominated for governor and Morton T. Goodrich of Bingham for state auditor. These are the only two elective state officers. Their names will appear on the ballots by petition at the September election.

The platform declares for an "intelligent protective tariff constructed on sound economic lines, laid out by a nonpartisan scientific tariff commission." The Underwood tariff law was condemned as "unjust, unfair and sectional, and especially discriminating against the interests of agriculture." The Payne-Aldrich tariff law was also condemned.

United States Senator Moses E. Clapp of Minnesota spoke.

SNOW IN NORTH DAKOTA

Fall of Seven Inches Greeted by Farmers.

Fargo, N. D., March 25.—North Dakota fields are covered with the heaviest blanket of snow of the winter. It is seven inches deep.

Farmers greeted the snow, which covered practically all the territory between the Red and Missouri rivers, with a feeling of relief. There has been little moisture in the soil and conditions which would prevent a proper germinating of the crop were threatened, according to soil experts.

BIDS TOTAL ONLY \$876,000

Federal Receivers for Siegel Stores Disappointed at Offers.

New York, March 25.—Bids for the various Siegel properties in this city were opened by the federal receivers who expressed disappointment that they totaled only \$876,000 for assets valued at more than \$1,730,000 wholesale.

United States Judge Charles M. Hough will decide whether the bids shall be accepted.

Kill Unemployed Measure.

Albany, N. Y., March 25.—Governor Glynn's measure intended to establish agencies for caring for the unemployed was defeated in the assembly, 67 to 63.

SENATORS PUSH FAVORITE BILLS

Indication That Early Adjournment May Be Expected.

WANT TO AVOID THE RUSH.

Congressmen to a Surprising Extent Form Their Views From Those of Their Constituents—Swanson of Virginia Makes Known His Ideas. Mann of Illinois a Habitual Talker.

By ARTHUR W. DUNN.

Washington, March 25.—(Special.)—Evidence that senators and representatives are looking toward an early adjournment is shown in the scramble to get the bills in which they are interested considered and passed. The contest has been very sharp in both branches of congress to get bills in favorable positions so that they may go through before the real rush comes. The old timers in the senate have been "jockeying for position" by giving notices from time to time that they intend to call up and have considered bills which they want to go through.

Senator McCumber of North Dakota is especially interested in trying to have a bill for grading grain considered. He indignantly complained to the senate that the measure had been before congress for ten years and he wanted fair treatment for it. If a bill has been that long before congress and there has been no vote taken on it there is some indication that there is no strong majority for it.

Senator Mark Smith of Arizona is anxious to have a bill passed extending time for payments on irrigation projects. In all probability this measure will pass before adjournment.

Working Without Pay.

Former Senator Bourne of Oregon has been working for the government ever since March 4, 1913, without pay, and he intends to continue in that work. He is chairman of two postal commissions and is working on matters which greatly interest him. Senator Bourne was considered a candidate for the senate this year, but he announces that he will not enter the race, as the postoffice appropriation bill continues the commissions of which he is chairman.

One of these commissions has to do with the railway mail pay and another the rates on second class mail. Senator Bourne says that both are interwoven to some extent, but that he cannot take the second class matter until the railway mail pay is in process of adjustment.

Where Constituents Govern.
"If men in congress do not vote the way their people want them to the people will hunt around for a man who will represent their ideas," was the sage remark of Senator Swanson of Virginia. The people are getting pretty much what they want in the way of legislation, for the remark of Senator Swanson shows that senators and representatives want to keep their ears pretty close to the ground in order to find out what their constituents desire.

It may not be significant, but Senator Swanson's remark came after a discussion on the proposed repeal of free tolls on the Panama canal. Possibly there are quite a number of people in various parts of the country who do not favor their repeal.

Jim Mann Was Talking.

One of Congressman Mann's constituents from Chicago sent in a card asking him to come out for a few minutes. The messenger returned with the remark that Mr. Mann was talking and could not leave the floor at that time.

"Of course not," said one who heard the remark, "you cannot expect to get Jim Mann when the house is in session. No matter what time you send in your card you will find that Jim Mann has just been talking, or is talking, or is just going to talk."

A perusal of the Congressional Record will show that there is a great deal of truth in what the man said, for the Chicago congressman is frequently in the debates.

Will Get More Than Seeds.

The constituents of many members of congress are going to get more than seeds from now on. Anybody that notices the large stacks of speeches that are piled up in the house office building and in the various rooms ready for shipment under frank, of course, can guess that the people are going to learn what the Hon. So-and-so has had to say in the house of representatives. Much of this has been under the "leave of print" system.

Looking Out For His Own.

Senator Tillman has always been pretty careful to look out for the interests of South Carolina. Even in the days when Charleston was much opposed to him he was still a friend of Charleston. His interest in the principal city of South Carolina was shown recently by an effort to find out by resolution whether Charleston could not be made an important port on the Atlantic coast in view of the completion of the Panama canal. Heretofore the navy people have had some trouble at Charleston in getting water deep enough for the big ships of the navy. Senator Tillman thinks that Charleston ought to be as good as Hampton Roads or any other southern harbor as a naval base.

Strongest Hair.

It is said that a hair from the tail of the horse is the strongest single animal thread known.

JUDGE SPEER.

Committee Disregards the Jurist's Offer to Retire.

SPEER MUST FACE VERDICT

Subcommittee Disregards Judge's Willingness to Leave Bench.

Washington, March 25.—The Webb subcommittee of the house judiciary committee intends to disregard the suggestion of willingness of Judge Emory Speer to accept retirement from office upon withdrawal of the charges against him.

The subcommittee is considering the evidence and soon will be ready to formulate conclusions to report to the entire committee.

MILITIA RESTORES ORDER AT DEPEW

Troops Have Little Difficulty in Dispersing Crowds.

Depew, N. Y., March 25.—This village was placed under martial law, although the day had been one of the quietest since the strike at the Gould coupler works began two months ago. The order was issued by Colonel Charles J. Wolf of the Seventy-fourth regiment. Crowds of strikers and their sympathizers who had gathered on the corners were dispersed and the soldiers were under orders to drive men from saloons whenever they thought trouble was brewing.

General Samuel M. Welch and other officers of the Fourth brigade staff spent several hours in conference with Colonel Wolf and his staff at the offices of the coupler company before martial law was established. Rumors that arms and ammunition were being shipped to the foreign strikers, most of them laborers, had considerable to do with the step.

The arrival of the troops had a quieting effect on the strikers, who, when they reached the main entrance to the plant, found themselves looking into the muzzles of rifles. The only sign of a demonstration was when a lieutenant in command of a squad from Company D had difficulty in breaking up a small crowd. At the command to charge with fixed bayonets the group fled.

NEW INDIAN RESERVATION

Government Sets Aside 4,600 Acres in Washington.

Washington, March 25.—On the recommendation of Secretary Lane, President Wilson set aside 4,600 acres of land along the Pen d'Oreille river in Washington as a reservation for the Kalispell Indians. Owing to the gradual encroachment of white settlers on their lands it became necessary to formally set aside a reservation for them.

WOUNDED BY MASKED MEN

President of Defunct Superior, Neb., Bank Shot.

Superior, Neb., March 25.—Captain C. E. Adams, president of the First National bank of this place, which recently closed its doors, was shot and dangerously wounded by a masked man, who attacked him as Captain Adams was going home.

Since the failure of the bank Captain Adams has received anonymous threatening letters.

CANADIAN WOMEN SEEKING SUFFRAGE.

Toronto, Ont., March 25.—Women from many parts of the Dominion organized here the National Organization of Women and an Suffrage Societies of Canada. Mrs. Gordon Wright of London, Ont., presided. Lady Drummond was elected president.

Ellis Taken to Prison.

Chicago, March 25.—Shackled between two burglars William Cheney Ellis of Cincinnati started for the state prison at Joliet to serve a fifteen-year sentence for murdering his wife in a hotel here last October.

FIGHT RAGES AT GOMEZ PALACIO

LEADS IN FORESTRY WORK

Speakers at Annual Convention Admire Minnesota Law.

St. Paul, March 25.—"This is the opening of the campaign for a new forestry era," said State Forester W. T. Cox at the conclusion of the first day's session of the State Forestry association. "Our real purpose is to get the campaign started for the adoption of the forestry amendment to the constitution and then we can begin important work on a big scale in Minnesota."

That Minnesota leads all states in forestry work was the opinion expressed by many speakers. Clyde Leavitt, forester of the conservation commission of Canada, said the Minnesota forestry law is generally regarded as a model of its kind.

Dean A. F. Woods of the state college of agriculture, speaking on "The Utilization of Our Nonagricultural Lands," said there are millions of acres of land in Minnesota that should be devoted permanently to forest crops.

TWO GET LIFE FOR ROBBERY MAN OF \$1.

Charleston, W. Va., March 25.—The habitual criminal act, carrying a penalty of life imprisonment, was upheld in the supreme court of appeals here in the cases of Frank Ponto and James Franklin. They were committed for life, for a highway robbery in McDowell county, which netted each 50 cents.

BADING AND SEIDEL LEAD

Result at Milwaukee Primary Is Very Close.

Milwaukee, March 25.—All returns indicate that Mayor C. A. Bading has been renominated at the primary here, but the vote is so close that it is not likely to be known until all returns are in whether Emil Seidel, former Socialist mayor, or David S. Rose has been chosen to make the race against him in the election April 7.

Ninety precincts out of 142 gave Bading 13,782; Seidel, 12,546; Rose, 10,821; Otjen, 2,073.

GALLIVAN FOR CONGRESS

Former Boston Street Commissioner Wins Hot Democratic Fight.

Boston, March 25.—James A. Gallivan, former street commissioner, won the Democratic congressional nomination in the Twelfth district primaries in a six-cornered contest. He will be opposed by James B. Connolly, Progressive, and by Frank L. Brier, Republican, who were unopposed in their primaries. The election will be held on April 7 to fill the vacancy caused by the resignation of James M. Curley after his election as mayor.

Rebels Claim Federal Dead Number Seven Hundred.

INSURGENT LOSSES UNKNOWN

Out of a Mass of Conflicting Reports the Indications Are That the Rebels Under General Villa Are Meeting With Stubborn Resistance and That the Federals Are Holding Their Own.

Chihuahua, March 25.—An official dispatch says fighting continues fiercely at Gomez Palacio. The rebels claim that the federal dead number 700. No report as to their own losses has been made, but it is learned that they have at least eighty wounded.

Juarez, Mex., March 25.—Rumors and "official" reports of the onward sweep of General Francisco Villa and his victorious rebels kept this city in a state of gratified excitement, but the optimism was dashed somewhat by the receipt of a dispatch from Chihuahua quoting an official dispatch to the effect that fighting continues at Gomez Palacio.

It was announced officially that that city, three miles from Torreon, was taken at 9 p. m. Monday and that General Villa had ordered supplies sent direct to that city.

Next came word that General Eugenio Aguirre Benavides had captured two federal couriers in Torreon itself. This information was conveyed in a private telegram from Colonel Trevino, one of Benavides' staff officers, to his brother in Juarez.

At this there was further joy, but it was nothing to the excitement occasioned when General Manuel Chao, military governor of the state of Chihuahua and now in this city to greet General Carranza, received a private report that General Velasco, the federal commander at Torreon, had surrendered.

General Chao accepted the report with reserve, however, and telegraphed to General Villa, asking for confirmation or denial. After two hours he had received no reply.

REPORTS ARE CONFLICTING

Rebels and Federals Both Claim Big Victory.

Laredo, Tex., March 25.—Conflicting reports of the battle between Mexican Constitutionalists and federals came to Laredo from the isolated scene of the engagement near Guerrero, sixty miles south of this city on the Rio Grande. Heavy losses on both sides were indicated.

An official federal dispatch given out in Nuevo Laredo claimed General Guardiola repulsed the rebels after nine hours' fighting and that they took with them in retreat five wagons loaded with wounded, besides leaving many dead on the field.

Constitutionalist reports were conflicting, but all claimed a substantial victory.

DID NOT INTEND TO MURDER

Mme. Caillaux Tells of Shooting French Editor.

Paris, March 25.—"I never intended to kill M. Calmette; I wanted only to give him warning."

This assertion was made by Mme. Henrietta Caillaux as the climax of her dramatic story of the shooting and a recital of the events preceding the killing of the editor of the Figaro.

Mme. Caillaux's state of mind on the eventful day, her purchase of a revolver and the last act of the tragedy were set forth in detail by her before the examining magistrate, Henry Boucard, at the palace of justice.

"France and the republic have need of you. I do not want you to sacrifice yourself."

Before going to the Figaro office Mme. Caillaux had left this note for her husband, who, she feared, might commit an act of violence against M. Calmette.

DIVORCED WIFE MURDERED

Coroner's Jury Charges Minot Man With Shooting.

Minot, N. D., March 25.—Mrs. Bertha McPheek was shot and killed at the home of Mrs. E. Shaw here. Her divorced husband, Joseph M. McPheek, is in the county jail. The coroner's jury charged him with the crime. It is said he was enraged because Mrs. McPheek refused to live with him.

Mrs. McPheek made a dying statement accusing her former husband. After the shooting McPheek went to the county jail and asked for a bed, saying he was in trouble. At the same time police were hunting the city for the slayer.

Fifteen Persons Drowned.

Koepenick, Germany, March 25.—Fifteen persons were drowned here when a tug rammed and sank a small ferryboat crowded with workmen and their wives.

In western Alberta, in the Peace river country, Mr. Saunders will work for the emigration department of the Canadian Northern railway, looking over the country, getting minutes on the lands, locating people on claims, getting settlers and homeseekers to accompany him to new locations along the railway line. This is the "Lost West" on the American continent. The Peace River valley is one of the most beautiful in the coun-

try and is the last place in the Canadian Northwest to be settled up. Through this district the railway has its route partly graded, with steel to be laid shortly. The Canadian government owns the timber, which can be leased. There are good farming and grazing lands along the right of way.

Bear in mind one more night of waiting to see the best vaudeville show ever put on in Brainerd—since the Bachelor Maids last one.

EVANGELIST ARRIVES HERE

Clarence J. Martin, Assistant Evangelist of Lowry-Moody Party, Comes From Iowa

HAD A SUCCESSFUL CAMPAIGN

Mr. Martin, Expert in Tabernacle Building, to Erect a Large One in City of Brainerd

Clarence J. Martin, the assistant evangelist of the Lowry-Moody evangelistic party, arrived from Nevada, Iowa, where his party has been conducting a very successful campaign. Mr. Martin will be here for the next few weeks and will give his efforts and energies to the planning of the preliminaries of the tabernacle meetings.

Mr. Martin is an expert in the matter of erecting tabernacles and he is determined to have the very best one possible for this Brainerd movement. The seating capacity will be somewhere near to two thousand. The seats will be made as comfortable as possible. Stoves will be provided for heat.

The location of the building has not yet been definitely determined upon. The lots north of the Seventh street church were found to be too small to meet the conditions.

There will be a meeting of the executive committee tomorrow evening at the Y. M. C. A. building to arrange for the first necessary steps, and to give a chance to the committeemen to get acquainted with Mr. Martin. Letter heads advertising the meetings can be procured at the Y. M. C. A. The members of the various committees are urged to secure a quantity of these for their letter writing.

Mr. Lowry desires to have a chorus choir of two hundred and fifty members. This great choir will be under the direction of Mr. Moody, the singing evangelist. He is an artist in his line. This chorus is expected to be one of the great features of the meetings. All those who desire to assist in the singing are asked to report to Mrs. G. A. Beale.

Catching fire from an over-heated stove, the dwelling and store of Mr. and Mrs. Zacharias Framling, 1111 Oak street, was soon in flames at about 6 o'clock this morning and the whole was soon a total loss, the family having barely time to escape from the seething flames.

The dwelling was of substantial construction, being a story and a half high and with stone basement. At the south end a store front had been built and in this was located the confectionery and grocery store conducted by Mrs. Anna Framling.

On the building was \$2,000 insurance, household goods \$300 and stock of fixtures \$1,200. Building and contents are a total loss. The fire department responded promptly and prevented the spread of the flames to near by buildings.

THE SCHUMANN LADIES CHORUS

Pleased all by Rendering Fine Program at the Seventh Street Norwegian Lutheran Church

A. W. ANDERSON, CONDUCTOR

Soloists of the Evening also Received Much Applause and Responded With Encores

A large audience greeted the appearance of the Schumann Ladies Chorus of Gustavus Adolphus College, St. Peter, in this city on the occasion of their concert at the Seventh Street Norwegian Lutheran church where they sang under the auspices of the Swedish Lutheran Young Peoples societies.

The young ladies chorus is considered one of the best ever heard in Brainerd. In perfect harmony, precision of attack, and tonal beauty, the works of this chorus is unexcelled and reflects great credit on the director A. Waldemar Anderson.

The first sopranos are the Misses Hilma Mattson, Ruth Edquist, Dorothy Hulet, Isabell Phelps and Margaret Nystrom. The second sopranos are the Misses Alice Myrman, Mabel Johnson and Olga W. Johnson. The first altos are the Misses Beatrice Johnson, Esther Gustafson, Lydia Asplund and Edith Knock. The second altos are the Miss Mabel Knock, Ruby Anderson, Ebba Lundgren and Sophie Haugdahl.

Of the soloists the work of Miss Hilma Mattson, soprano, was especially pleasing. She sang with a sweetness and power which charmed the audience. In "April Morn," which gave her the opportunity to show to the full her broad musical education and the delightful and feeling interpretation of the composer's spirit, she was at her best. Miss Alice Myrman, mezzo soprano, Axel Backstrom, baritone, Ludwig Melander, violinist and Miss Edith Quist, pianist, were heard in solos, drawing much applause.

At the close of the concert Mr. Backstrom spoke of the ladies chorus. It was a novelty, the only one of its kind in the state. Their tour throughout this state and the Dakotas would cover 17 concerts. Gustavus Adolphus College was always noted for the interest taken in music and the musical organizations there formed. He spoke of the Lyric male quartet.

Brainerd was the point where the sixth concert of the ladies chorus had been given and he was well pleased with the appreciation shown. The concert tour was not to be one of money-making, its purpose primarily was to bring to the notice of the people the college where the singers had secured their education. Great interest had been centered on the college because a year ago it had received the promise of \$100,000 if the college was able to raise \$150,000 and this fund was now in a fair way of being secured early in May.

Besides the musical department of the college, there was a college course, school of commerce, manual training, domestic science and domestic art.

In closing, he thanked Rev. Eloff Carlson and the congregation for the splendid work shown in gathering the large attendance. He thanked the people who had been so hospitable to the chorus and the soloists.

Rev. Carlson made a short reply, speaking first in English and then in Swedish.

MUSIC AND DRAMA

At the Empress

If you didn't see "Because of a Hat" last night at the Empress don't miss it tonight. Staid old gentlemen who haven't smiled since Charlie Johnson's last address, held their sides and literally "doubled up" with laughter.

"On the Altar of Patriotism" a Patti photo play was excellent and gave Prof. Jensen an opportunity for some fine solo work.

The "Thousand Dollar Team" was better than ever and "On the Road to Mandalay" certainly made a hit. As Tommy says, "I don't think that song is funny, what are the people laughing at?" Thursday night Mr. Woods and Miss Stanfield promise the public something a little extra and the Blue Ribbon orchestra, not to be outdone, claim that it also has something up its sleeve—so doubtless the program will be "Better than the Best."

"Mutt and Jeff"

Suppose things did go wrong at the office today, that's no reason why you should take the kids head off every time they move. Remember, you was a "kid" once yourself, and I'll venture to say you was twice as bad as yours are. Phone down to Dunn's drug store and get seats for "Mutt and Jeff in Panama," laugh the darned trouble over with the kids and you'll all be happy. Be

young while you can, old age and the grouchy will come soon enough. "Mutt and Jeff" appear Sunday, March 29, at the Brainerd opera house.

"The Ham Tree"

McIntyre and Heath, will be the attraction at Brainerd opera house, March 31 in John Cort's splendid revival of the big musical novelty, "The Ham Tree," which is one of the greatest laughing successes the American stage has ever known. These comedians have no equal in the delineation of quaint negro characters, and they are funnier than ever in their career. The book of "The Ham Tree" is by George V. Hobart, the lyrics by William Jerome, and the catchy music by Jean Schwartz. Mr. Cort has spent money lavishly on the production, and has surrounded his stars with a company of much excellence. A special feature is the chorus of fascinating girls who do some wonderfully attractive dancing. Prices, 50c to \$2.

Howe Travel Pictures

All America owes much to Col. George W. Goethals "the man who made the dirt fly" at Panama. Some few Americans, as individuals, are especially indebted to him, and among them is Lyman H. Howe. For it is because of the cooperation and exceptional facilities afforded by Col. Goethals that it is possible to present the remarkable reproduction showing the construction of the Panama Canal which will be shown at

the Brainerd opera house on Thursday evening, April 2. Col. Goethals was the mighty potentate to whom all matters at issue were referred whether it was granting the use of a special car at times to photograph the scenes of the teeming life and energy on the isthmus or the selection of a new \$600,000 steam crane. If the photographer wanted to locate his camera on a particularly precarious position or required anything out of the ordinary, the invariably advise he got from the man he approached was "See the Colonel," or "Ask the Colonel." He was the court of last resort. He held his court usually every Sunday forenoon.

MOTHER! THE CHILD

IS COSTIVE, BILIOUS

Don't hesitate. A laxative is necessary if tongue is coated, breath bad or stomach sour

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if the tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company." Don't be fooled.—Adv.

CITATION

State of Minnesota, County of Crow Wing, ss. In Probate Court.

In the matter of the Guardianship of Otto Albert Anderson and Ida G. Anderson, Minors.

The State of Minnesota, to Otto Albert Anderson and Ida G. Anderson, the above named minors, and all persons interested in the giving of a written contract or privilege to explore and prospect for iron ore and other minerals, and an option to make a mining lease on certain lands belonging to said minors, as guardian of James R. Anderson, being duly filed in this Court, representing that it is necessary and for the best interests of the persons and estates of said minors, and of all persons interested therein, that a contract or written privilege be given for a period of one (1) year to prospect and explore for iron ore and other minerals on said lands in which said minors hold and own undivided interests therein, together with an option for a mining lease thereon for a period of fifty (50) years on a royalty basis as in said petition described and set forth, and praying that license be to said James R. Anderson, as such guardian, granted, to make and execute such written contract or privilege and option, and carry out the terms thereof by the execution and delivery of such mining lease in the event that the rights thereunder are exercised and said lease demanded thereunder on said described land.

Now Therefore, you, and each of you, are hereby cited and required to show cause, if any you have, before this court in the Probate Court room in the County Court House in the City of Brainerd, County of Crow Wing and State of Minnesota, on the 2nd day of April, A. D. 1914, at ten o'clock A. M., why the prayer of the said petition should not be granted.

Witness the Judge and Seal of the said Court, this 10th day of March, A. D. 1914.

As the Twig Is Bent.

"I hope you were a good little boy while at your aunt's and didn't tell any stories," said his mother.

"Only the one you put me up to, ma," replied her young hopeful.

"Why, what do you mean, child?"

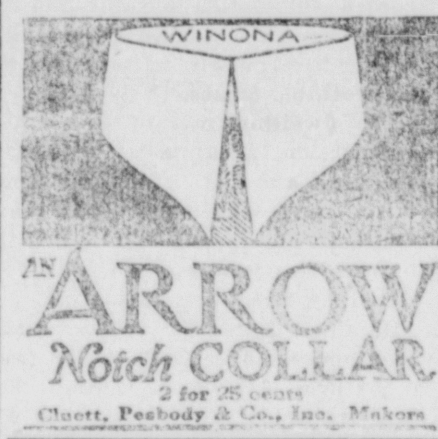

"When she asked me if I'd like to have a second piece of cake I said, 'No, thank you, I've had enough.'"
